I authorize my vehicle to be used as an instructional project for BYU-Idaho Automotive Students. The student technician may spend \$_____ for the repairs, and may contact me before exceeding this amount. I understand that the vehicle must remain at the shop until it has been repaired, and that this could take several days. The university, employees, and agents will not be liable for loss or damage to the vehicle that occurs during the repair process. Students may operate the vehicle for testing and diagnostic purposes at my risk. I understand that I cannot take the car from the shop until the repair is completed and fees are paid, by cash, check, or credit card. A mechanic's lien may be assigned to the vehicle to recover unpaid fees.
